

APRIL

26 – 28, 2023

Addis Ababa, Ethiopia

In 2021, Ethiopia attracted over \$4.1 Billion and continued as the top FDI destination in East Africa. The IMF has forecasted that Ethiopia will grow by 13% in 2023 and will be among the top three fastest growing economies in Africa. The Government of Ethiopia is keen to maintain this momentum by facilitating growth of investments and maximizing the impact of investments in job creation, economic development, and wealth building.

Time to **Invest**
and Grow in
Ethiopia

The Ethiopian Investment Commission (EIC) is Ethiopia's leading investment promotion agency established to promote, retain and proactively deliver aftercare services to foreign investments and to exercise oversight over special economic zones. EIC is responsible for accelerating the inward transfer of knowledge, skill and technology, strengthening sustainable economic development, fast-tracking the country's global competitiveness, increasing its export performance, generating employment opportunities, and facilitating linkages among the various economic sectors.

Invest Ethiopia is the premiere investment forum in Ethiopia organized by the EIC. The forum convenes government officials, policymakers, and new and existing investors to discuss attractive investment opportunities in Ethiopia and policy reform agendas and explore partnership opportunities. The forum has been organized annually since 2022.
